# Paper Abby

Erase is free.

Higher is better.

## Welcome

Abby is the paw. The flag is the last dot. Draw one line from her to the flag. The pencil is the piece. Erase a line that goes wrong and draw another. The page is not lost.

## How to Play

The paw is free. Each new dot fills one circle. You start with twelve solid circles. Dashed circles are not yours until a treat inks three, after you pay for that dot. Twenty-four is the cap. None left: erase and redraw. The flag may take the last circle. That still counts.

Step only to a dot that shares a side. No diagonals, and no dot twice, so the line never crosses itself. The flag is the last dot.

Trees have no dot. A heavy edge is a cliff: go around. Waves need the vest. An arch needs the lamp. Pick it up, then step in. Circle a find the line enters, and mark it. A thing you only looked at stays blank.

## Icons

**Paw**
Abby. You start here, and this dot is free.

**Dot**
One step, only to a dot that shares a side.

**Cliff**
A closed edge. Reach either dot another way.

**Cave**
An arch. Enter only after the lamp is checked.

**Lamp** L
Pick it up before the cave. It does not score.

**Ball** B
One point, counted the same way as a stick.

**Flag**
The last dot. The line stops when it enters.

**Tree**
No dot. You cannot enter. Go around.

**Water**
Waves. Enter only after the vest is checked.

**Vest** V
Pick it up before the water. It does not score.

**Stick** S
One point when the line enters its dot.

**Treat** T
One point, plus three circles inked back.

## How to Score

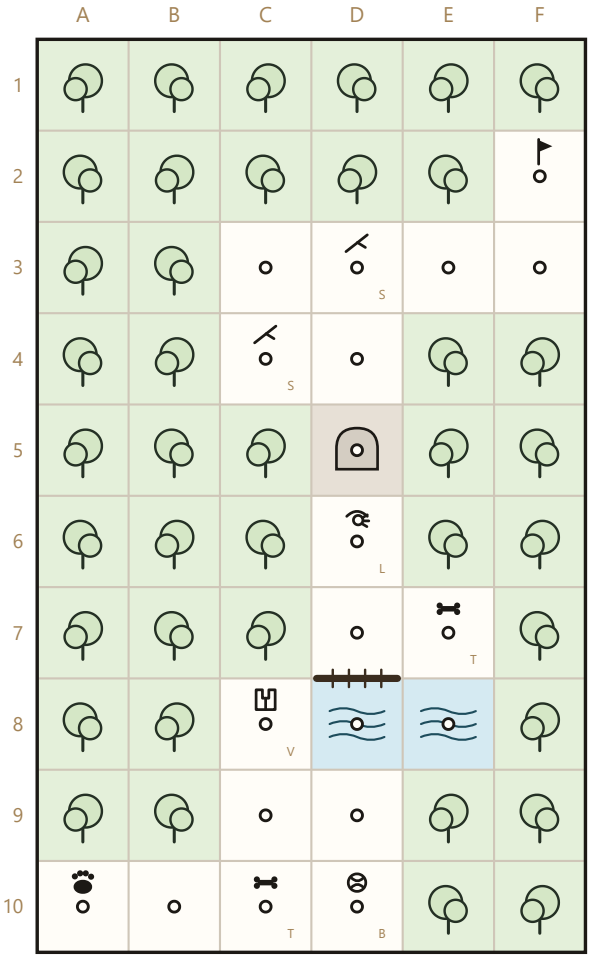

**sticks + balls + treats − steps**

Steps are the filled circles, one for each new dot. A find is one point. A step is one point the other way. Two sticks, a ball, and a treat, in fourteen steps: 2 + 1 + 1 − 14 = −10.
The vest and the lamp are not in that sum. A one-step detour for a find ties the line you already had. A two-step detour loses. The ball is allowed to be a bad idea. Higher is better, even below zero.
Minus seven beats minus twelve. You win by touching the flag.
The score is how two lines compare, if you want to compare them.

Level 1

# The whole walk

Every mark is on this page. One line from Abby to the flag.
